

# Save the Unborn

**Excuse me Australia,  
this is tissue.**

**This is not.**

In fact, an unborn baby's heart begins to beat at 24 days.  
At 40 days she has measurable brain waves.

**An unborn baby shouldn't be thrown away like a piece of tissue.**

- Around **5,000 abortions** are performed every year in South Australia (**90,000 abortions** each year in Australia).
- 97 percent of these abortions are carried out on healthy babies – whose mothers are physically healthy (by methods so cruel: [google abortSA.com](#) click [abortion techniques](#), see 'Dilation & Evacuation' & 'prostaglandin')
- Many abortions occur **after 20 weeks** despite unborn babies being able to live outside their mother's womb.
- Many babies survive the abortion but are left to die. (Eg The number of 'born alive' babies and left to die in South Australia were as follows: in 2000 – 7 babies; 2001 - 14; 2002 - 7; 2003 - 3; 2004 - 13; 2005 - 5; 2006 - 3; 2007 - 5.)
- 94 per cent of abortions occur well after 6 weeks – when, even as early as around **8 - 9 weeks**, there is already a small scale baby, with facial features, fingers, toes and everything else that we would expect to see from another human being.
- Abortionists are not required to provide **pain relief** for unborn babies who are dismembered by abortion, even though laws are provided to minimise pain for animals that are slaughtered.
- There are **life-giving alternatives** to abortion, such as adoption or keeping the baby. There are also pregnancy support agencies available to help women and families through unplanned pregnancies.

**Every human being, no matter how small and defenceless  
deserves to be protected.**

# Save the Unborn

## Petition

**To the Members of the present Parliament assembled -**

*The humble Petition of the undersigned resident/s of South Australia respectfully shows:-*

*That*

**Abortion kills an unborn child: a whole, separate, unique living human being.**

*Your petitioner/s therefore ask that your Members will*

**Protect the unborn babies of South Australia by stopping abortion and by providing pregnant women with life-giving alternatives.**
